

## *SPECIAL SHOWINGS OF MUSIC FILM SCHEDULED FOR CWERS, NOV. 13*

CWers and their families are invited to preview Colonial Williamsburg's new film, "Music of Williamsburg," at special showings on Sunday, Nov. 13, at the Information Center.

The film, to be shown every hour on the hour at one of the Information Center's theaters, will begin at 12 noon with the last showing at 9 p.m. that evening. Each showing of the 35-minute film will be preceded by an explanatory introduction by a staff member. Employees may pick up tickets for the time of their choice at either the center desk at the Information Center or the reception desk at the Goodwin Building.

Those who have assisted in its production and other interested friends have also been invited to the special showings. The film will also be previewed by CW's Directors and Trustees during the Board meeting here, Nov. 12.

After these special showings, the film will become a part of the regular film library and will be shown regularly in CW's evening film program at the Information Center.
